

## March 2020 - COVID-19 Information and response statement.

*We understand that there is much uncertainty not only to travellers but everyone in general at the moment.*

*We are all facing uncertain times as the situation continues to change daily.*

*As of last week we were still happy to welcome guests, where it was possible to enjoy our cottage for two and be completely isolated if you wished, whilst maintaining the highest standards of comfort and safety.*

*We have since seen government enforced travel bans, border closures and a general warning to implement strict social distancing. It is due to these implications that we have regrettably made the decision to keep the cottage closed for at least the next two months.*

*As all of our recent bookings were from interstate and international travellers, it is now beyond our control to accommodate your stay.  
The health and well being of our guests, our colleagues and ourselves is the most important issue at this time.*

*We all need to heed the current health advice and do our part in reducing the spread of this virus to ensure our future can proceed in a safe and healthy environment. We ask for your support and understanding during this time.*

*We have been in contact directly with those guests whose stay will be impacted through **March to June** and most have simply postponed their stay for re-booking in the next 12 months.*

*If you have made a booking with us beyond June and are still unable to travel due to travel restrictions imposed by your country or ours, sickness related to coronavirus, or don't feel comfortable travelling at this time, we are happy to be flexible and enable you to change your dates for another time in the future. Please feel free to be directly in contact with us.  
**\*Our normal cancellation policy will be reviewed through this crisis and adapted to make allowances where travel restrictions or sickness due to the Corona Virus applies.***

*We support and encourage you to consider your future holiday plans, while understanding the restrictions and cautions of travel at this time.*

For more information you can visit [SA Health](#) or [World Health Organisation](#) for current updates.

We can be contacted on **0413 116 094**  
or via email at [stay@seppeltsfieldvineyardcottage.com.au](mailto:stay@seppeltsfieldvineyardcottage.com.au)

**Please stay safe and look after each other. We are all in this together.**
